

*Testimonial For Mr. Bernard Butler of Ryan Riordan*

28<sup>th</sup> July 2010

I can say that I know Bernard Butler for over one year now and in that time I have got to know Bernard in both a professional capacity and also in a non professional capacity and I can only say that he is an individual with the utmost integrity, honesty and of good character.

Any dealings that I have had with Bernard both with my clients or myself he has approached in a professional manner and also he was always equipped with the appropriate knowledge and information to answer any queries which he may be queried on.

He is accurate in his account of any such meetings and follows up on any issues which remain outstanding in a timely manner.

I can only state that I am more than satisfied in any dealings that I have had Mr. Bernard Butler and I would have no hesitation in recommending him to anybody.

Yours faithfully
